Submission Guidelines

◆ Aims
Chinese Journal of Library and Information Science (CJLIS), being sponsored by the Chinese Academy of Sciences (CAS) and published quarterly by the National Science Library of CAS, is a scholarly journal in the field of library and information science (LIS). Its aim is to provide an international communication link between researchers, educators, administrators, and information professionals. With the publication of the research results both from China and from other foreign countries, the Journal CJLIS strikes a balance between theory and practice. With its goal to provide an open forum for Chinese and international scholars in this field to exchange their research results, CJLIS also offers new possibilities in the advancement of Chinese library operations. The CJLIS tries to establish a platform for LIS students, researchers and library staff all over the world to engage in intellectual dialog and also to improve library services so as to promote even more quickened and substantial development of LIS in China.

◆ Scope
Striving toward academic excellence, innovation, and practicality, the CJLIS mainly includes research papers both on the theoretical as well as on the practical fronts in all aspects of the field. More specifically, it includes but not limited to informatics, library management, information technology application, knowledge organization system, knowledge management, archives, permanent preservation of library resources, LIS education, and so on.

◆ Refereeing Process
Articles and papers covering the topics or themes mentioned above will be refereed through a double-blind peer review process.

◆ Editorial Advisory Board
The Editorial Board is composed of the nationally and internationally well-known scholars and researchers in the LIS field and the high quality of this Journal is thus reasonably assured.

◆ Manuscripts Categories
As the first English-language academic journal on LIS published in Mainland China, the CJLIS will take a proactive attitude to trace and report the prevailing hot issues in the field around the globe as well as the more serious scholarly communications. As such, the submitted manuscripts are classified into constant categories and unfixed categories. In the former category, research papers, library practice and progress reports are the essential components. In the latter, book reviews, biographical sketches, anecdotes, reminiscence of prominent librarians and brief communications will appear occasionally.

Research papers represent original research work or a comprehensive and in-depth analysis of a topic. More than 3,000 words are considered as a proper length for such manuscripts, with a structured abstract ca. 200 words.

Library practice covers the latest development and application in any segment of library field work and information service. The length of the manuscript is preferred to be more than 3,000 words, with a structured abstract ca. 200 words.

Progress reports reflect the projects result or research progress on the key topics of the library and information science. Submissions of articles to this section are expected to be comprehensive and analytical, which may deepen the understanding of the discussed issue and stimulate further researches on the topics, or give a new perspective on future technological applications. The manuscript length should be within 5,000 words, with a structured abstract ca. 200 words.

◆ Manuscripts Requirements
All papers can be submitted either in English or in Chinese (or both) with a double-line space. For the assurance that all the materials of the to-be-submitted are included, please check the following:

Title. Please give a brief biographical introduction to all contributing authors and their research background on a separated paper. For a better organization of the paper, please use the headings and subheadings.

Authors and affiliations. Please do not forget to write down the mailing address of each and every article contributors.

References. Be sure all the references used should be cited properly in both in-text and in bibliography. Particular attention should be paid to the proceedings. Do not forget adding the name(s) of editors of the compilation, as well as the name of the publishers. For the detailed information, please request a copy of Reference Citation Format.

◆ Copyright
All submitted papers normally should not have been previously published nor be currently under consideration for publication elsewhere. For all the materials translated or obtained from other published resources, they should be properly acknowledged. All copyright problems should be cleared without any legal entanglements prior to the publication.
